

Notes on the Use of Parish Registers Diocese of Fredericton

- 1. Information recorded.** Specifics of information being recorded in parish registers are set by Canon FIVE of the Diocesan Synod of Fredericton. Registers containing personal information are to be treated with the utmost of care and in keeping with the principles of the Privacy Policy of the Diocese of Fredericton.
- 2. Importance.** Parish records are of importance in the present as they track the current activity of divine service and liturgical / pastoral ministry. They are important in the future as they are referenced by individuals requiring proof of the integrity of personal information, including sacramental verification upon which other events depend. Records eventually prove invaluable in research efforts in the areas of genealogy, church history and sociological study.
- 3. Responsibility.** Parish Registers are an important record of the pastoral, liturgical and sacramental actions of God's Church. The parish incumbent is responsible to see that they are maintained with care and accuracy as the permanent record of life events of the People of God (Canon FIVE-5).
- 4. Entry of records.** Use of a black fine point pen will avoid smearing or blotting and greatly increase the permanence of the record. Never use a red or peacock blue ink and definitely not a marker. Write clearly or print to assure maximum legibility. Use of the original print acid free pages obtained through the diocesan office assures the best possible record media.
- 5. Completion of records.** Complete all information requested by the register entry to the best ability of the recorder as soon after the liturgical event as possible. Financial information relating to offerings is entered at the church and before they leave the building as outlined in Canon SIX-1(d) and the recommended financial controls and procedures in the Diocesan Parish Officer Handbook - Part Two:
 - *the offering must be counted, by at least two people, before it leaves the church*
 - *the Treasurer should avoid being a counter if at all possible*
 - *the count information should be carefully reported on forms designed for that purpose (as per example on following pages)*
 - *the offering amount is to be recorded in the Vestry Book as soon as possible after the count is complete (and before it leaves the church)*
 - *the funds are to be deposited in the bank as soon as is possible (a night depository service will assist greatly)*
 - *the Treasurer and Envelope Secretary are to be given copies of the count information for their respective purposes*

- 7. Retrieval of records.** Recorded information for the purpose of the issue or reissue of certificates, or for other uses, is easily obtained by the incumbent or parish corporation by contacting the Diocesan Archives by mail, phone or e-mail.
